A NON POLITICAL ORGANISATION

Formation

In 1999 The Irish Legion Association was formed by ex- service members of the Irish Defence Forces (PDF and RDF) in Cork City.

Aim

The aim of the Association is to promote personal, social and cultural ties with other ex-members of the Defence Forces (Army, Naval Service, Air Corps, RDF (Reserve Defence Force / formerly FCA, Slua Mairi) and other ex-service personnel National and International.

It was therefore our aim to canvass this group of people, so as to gauge their level of interest in forming an association to include all ex- service personnel not catered for due to a large number of ex-Service personnel not associated with any other ex-service organisations and associations after their service, mainly due to

- Short Service Record
- Non- United Nations Overseas Service
- Or lack of interest in any ex-service organisation

Membership

The Irish Legion Association is actively promoting and recruiting for new members
